## 2015 FARMERS MARKET PARKING LOT EXPANSION

CONTRACT PL1501

Beginning in April 2015, WCI Contractors, Inc. will be performing work to extend the existing Royal Oak Farmers Market parking lot further south. The new parking lot addition is scheduled to be open for vehicles before Labor Day weekend.

In addition, work along South Troy Street and East 11 Mile Road will also be performed to improve sidewalks.

The map (right) provides an overview of the construction limits of both areas.

The farmers market and courthouse will be open for the duration of this project. Access to the existing driveways will be maintained, except for the driveway at Hamilton Court, which will be closed permanently.

If you have any questions, please contact the City of Royal Oak Engineering Division at 248-246-3260.
